Outline of Medicare Supplement Coverage-Cover Page:

These charts show the benefits included in each of the standard Medicare supplement plans. Every company must make available Plan A. Some plans may not be available in your state.

See Outlines of Coverage sections for details about ALL plans.

Basic Benefits:

- **Hospitalization** -- Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.
- **Medical Expenses** -- Part B coinsurance (generally 20% of Medicare-approved expenses) or copayments for hospital outpatient services. Plans K, L, and N require insureds to pay a portion of Part B coinsurance or copayments.
- **Blood** -- First three pints of blood each year.
- **Hospice** -- Part A coinsurance.

^{*} Plan F also has an option called a high deductible Plan F. This high deductible plan pays the same benefits as Plan F after one has paid a calendar year \$2180 deductible. Benefits from high deductible Plan F will not begin until out-of-pocket expenses exceed \$2180. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.

PREMIUM INFORMATION [Boldface Type]

We [insert issuer's name] can only raise your premium if we raise the premium for all policies like yours in this State. [If the premium is based on the increasing age of the insured, include information specifying when premiums will change.]

READ YOUR POLICY VERY CAREFULLY [Boldface Type]

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.

RIGHT TO RETURN POLICY [Boldface Type]

If you find that you are not satisfied with your policy, you may return it to [insert issuer's address]. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

POLICY REPLACEMENT [Boldface Type]

If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.

NOTICE [Boldface Type]

This policy may not fully cover all of your medical costs.

[for agents:]

Neither [insert company's name] nor its agents are connected with Medicare.

[for direct response:]

[insert company's name] is not connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local Social Security Office or consult "Medicare & You" for more details.

COMPLETE ANSWERS ARE VERY IMPORTANT [Boldface Type]

When you fill out the application for the new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your policy and refuse to pay any claims if you leave out or falsify important medical information. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Review the application carefully before you sign it. Be certain that all information has been properly recorded.

[Include for each plan prominently identified in the cover page, a chart showing the services, Medicare payments, plan payments and insured payments for each plan, using the same language, in the same order, using uniform layout and format as shown in the charts below. No more than

four plans may be shown on one chart. For purposes of illustration, charts for each plan are included in this chapter. An issuer may use additional benefit plan designations on these charts pursuant to § 20:06:13:17.05.]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the director.]

bonds guaranteeing to lending institutions the repayment of student loans made by lending

institutions may, in lieu of compliance with SSAP60 of the Accounting Practices and

Procedures Manual, changes in accounting estimates, for this method of accounting only, may be

amortized over the remaining life of the student loans utilizing pro-rated current premium earning
